EMBRACE THE EXTRAORDINARY.

www.bathco.in

Welcome to Bathco, where bold thinking and rigorous craftsmanship combine to bring innovative, beautiful, design to life. We are celebrating more years of setting the standard & excellence and pushing the limits of design. Our work is born from a desire to design experiences that make the world more gracious.

ABOUT

Luxury knows no limit. It is not confined to the wheels we drive or to our drawing rooms and bedrooms. It has also reached the bathrooms. Today, people want to surround themselves with luxury every moment. Bathco Earthenware is fuel to their desire. By offering world-class bath amenities Bathco is feeding the souls of its customers with luxury.

Bathco was inceptioned with a vision to infuse class and finesse in every aspect of the lives of people. Bathrooms, which are often not subjected to luxury, are now seen in a new light and the credit goes to Bathco.

OVERVIEW

We, at Bathco, offer complete bathroom solutions that are simply class apart. We have infused mystique in our products and have given a glamorous twist to the simple bath spaces. All our products, be it washbasins or toilet bowls, or Urinals, define grandeur.

In terms of quality, we are par excellence. All the products manufactured at Bathco under our name are crafted with fine measures, We use the finest quality raw materials that are thoroughly scrutinized and certified. They are produced as per the strict Island ISO standard.

Do we believe that where all the major aspects of our lives are governed by technology, why leave bathrooms behind? Hence, we bring the latest technologies to bring together all these products. The final result, ie our bathroom products, displays the use of advanced German technology.

EXOTIC, EXQUISITE, & ECONOMICAL

1. PRECISE QUALITY CONTROL

There is a substantial Quality Control (QC) team at Bathco. Products must adhere to strict quality standards. Bathco carefully examines each item for pinholes, microcracks, and colour homogeneity. Every bathroom fixture is tested for leaks at 1.6 MPa of water pressure and 0.75 MPa of air pressure.

2. UNMATCHED DESIGNS

Bathco's product range has received a great deal of praise for its attractive appearance. The firm is fast to spot market trends and believes in working closely with its manufacturing partners in order to design and produce goods that combine exquisite elegance with cutting-edge technology, unparalleled performance, and the highest quality.

3. ECONOMICAL PRICES

Bathco sells items directly to famous showrooms and has the most competitive pricing compared to other companies on the market. Effectively leveraging management tactics and streamlining supply chains also results in cost reductions. Best raw materials acquired at the most economical costs can relieve clients with a limited budget.

ARTISTIC

COLLECTION OF SANITARY WARE

At Bathco, quality runs deep. Beneath the intricate details, rich finishes and compelling compositions of each sanitary ware design lie in state-of-the-art technology, meticulous craftsmanship, and, of course, the highest standards of quality. From inception to the final product, skilled craftsmen and renowned artisans thoughtfully and expertly bring this commitment to quality forth through spellbinding form and exceptional function to enhance any design and every routine.

ULTIMATE RIMLESS

TECHNOLOGY FOR BATH SPACE

A toilet without a typical rim is known as a rimless toilet. A direct flush method shoots water around the edge of a smooth pan, as opposed to water pouring into the bowl around the rim. Rimless toilets are less sanitary and easier to clean than standard toilets because they lack a rim.

Traditional
Design

Bathco's
Design

FEATURES

Each product exudes
radiance and whiteness.

The finest raw materials are used. R&D
has purified, tested, and certified the materials.

With a fully computerized
controlled kiln, advanced
German technology is used.

For better shine and glossiness,
Use eco-friendly natural gas residues.

Production methodology based
on ISI and ISO standards.

High-tempered firing and a
hygiene-friendly manufacturing process.

Water-saving flushing system with
6/3 liter knobs and anti-bacterial.

Soft closing seat cover
is a plus advantage.

Anti Bacterial
Glazed Product.

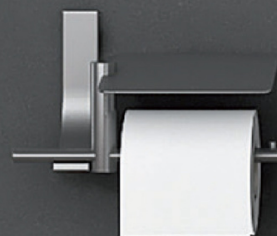

Easy to clean &
Maintain Seat Cover.
